

Pollution Incident Response Management Plan (PIRMP)

Summary - MR177 Campbelltown Road – Stage 1 – East Town Centre Road to MacDonald Road – EPL21040

Part 5.7 of the Protection of the Environment Operations Act 1997 requires immediate notification to each relevant authority (identified below) of any incident which:

- *Involves actual or potential harm to the health or safety of human beings or to ecosystems that is not trivial, or*
- *Results in actual or potential loss or property damage of an amount, or amounts in aggregate, exceeding \$10,000 (or such other amount as is prescribed by the regulations).*

It can be noted that, in relation to the above, loss includes the reasonable costs and expenses that would be incurred in taking all reasonable and practicable measures to prevent, mitigate or make good harm to the environment.

Note on exclusions:

- (a) Definition of "Pollution Incidents" excludes Noise;
- (b) Odour is not required to be reported as a Pollution Incident under Part 5.7, s.148 (7) of Protection of the Environment Operations (POEO) Act 1997.
- (c) A person is not required to notify an incident if the incident is an ordinary result of action required to be taken to comply with an Environment Protection Licence, an Environment Protection Notice or other requirement of or made under this act (s.151 of POEO Act, 1997).

Campbelltown Road – Stage 1 – East Town Centre Road to MacDonald Road	Campbelltown Road Campbelltown NSW 2560

The objectives of this PIRMP are to:

- Ensure comprehensive and timely communication about the pollution incident to:
 - Burton and sub-contractor personnel;
 - Environmental Protection Authority;
 - NSW Ministry of Health;
 - Work Cover NSW;
 - Fire and Rescue NSW;
 - Local Government;
 - Wider community outside the facility who may be affected by the impacts of the pollution incident.
- Minimize and control the risk of pollution incident at the facility through
 - Identification of risks;
 - Development of planned actions;
 - Implementation and close out of the planned actions in a timely manner.
- Ensure that the plan is implemented by
 - Trained personnel with responsibility for implementing the plan;
 - Regular testing for accuracy, currency and suitability.

Notification Procedure

The ESR or Project Manager will make a decision based on 'RMS Environmental Incident Classification and Reporting Procedure' what level of notification and callout is required for the pollution incident and report immediately if required based on Part 5.7 of the Protection of the Environment Operations Act 1997 requiring immediate notification to each relevant authority (identified below) of any incident which:

- ***Involves actual or potential harm to the health or safety of human beings or to ecosystems that is not trivial, or***
- ***Results in actual or potential loss or property damage of an amount, or amounts in aggregate, exceeding \$10,000 (or such other amount as is prescribed by the regulations).***

Relevant Information to be Given When Notifying the Incident:

The relevant information to be given according to section 150 of the POEO Act (1997) when notifying the incident to the regulatory authorities is as follows:

- a) Time, date, nature, duration and location of the incident
- b) Location of the place where pollution is occurring or is likely to occur
- c) The nature, the estimated quantity or volume and the concentration of any pollutants involved, if known
- d) The circumstances in which the incident occurred (including the cause of the incident if known)
- e) Action taken or proposed to be taken to deal with the incident, and any resulting pollution or threatened pollution, if known
- f) When the information relating to items c), d) or e) is not known at the time of verbal notification, this information must be provided once it becomes available

Communicating with the Community (PIRMP Requirement Clause 98C(2)(c))

Communication mechanisms for stakeholders have been outlined by the Burton Community Involvement Sub Plan for the Project. Burton will adopt measures in this plan for communications with stakeholders with regard to a potential pollution incident.

Communications with regard to a potential pollution incident will reflect items Clause 98C(1)(i) and Section 150 of the POEO Act.
